Faith Community UMC

April 2010

Members of Faith Community's Youth Group and Boy Scout troops were joined by a City Girl Scout troop to work on both sides of Herring Run stream at Echodale and Perring Parkway. We could see the difference on the side we cleaned last year and hope to see sustained improvement on both sides next year. We had beautiful weather, new friends and willing hands to collect a mound of trash that did not belong in the park.

Clean Stream Project 4.10.10

NEXT MEETING of Youth Group
Sunday, May 2nd 3 - 5 PM

Hopefully planting our summer garden, playing, planning for our Mission Camp this summer (July 11-17) and some possible fund raisers.

Letters with this year's service learning hours will be out in a couple of weeks. This year, I'll give them to youth individually rather than send them directly to the schools, where they seem to get lost.

Questions? Kate Ehrenberger
